

KMT Waterjet Systems Organizational Announcement:

KMT Waterjet Systems, the leading global manufacturer of Ultra High Pressure pumps and components for water jet systems has announced the appointment of Brett Lawrie as the Vice President of Sales and Marketing.

Lawrie has a BBA degree in Marketing from St. Bonaventure University and an MBA in International Business from Rochester Institute of Technology. He had an extensive career with Emerson Electric, including nine years in Asia, where he was Director of Marketing and Sales. Before Emerson, Brett had a career in progressive leadership positions in Sales, Marketing, and Branch Management with W.W. Grainger. He will be reporting directly to Duane Johnson, CEO of KMT Waterjet Systems in Baxter Springs, KS.

Brett will be relocating with his wife, Beth, and his daughters, Vanessa and Sabrina, to Joplin, Missouri.

I would like for you to take this opportunity to welcome Brett to his new role as Vice President for Sales and Marketing for KMT Waterjet Systems.

Duane Johnson

CEO
